Wherever your equestrian passions take you, the Model 8581 makes a great home away from home. Configured to hold 2 to 6 horses, this trailer's biggest appeal is its living quarters area and your ability to fully customize it. Base LQ floorplans range from 11' to 17' but these are just a starting point! Reconfigure the space as you need it, as well as pick from countless options including cabinets, fabrics, appliances and much more! Your horses will also enjoy comfortable living with 3/4" rubber floor mats and Featherlite's Light 'Flo' drop down feed doors.

PRODUCT SPECIFICATIONS

- Trailer width of 8'

- Adjustable saddle rack with blanket bar for each horse mounted on removable post
- 5 inside tie rings & 1 outside per horse
- Tandem axles (7000# or 8000# depending on floorplan)

Living Quarters Horse Trailer Model 8581

FEATURE	FUNCTION	BENEFIT
All-Aluminum Construction	Featherlites are made with an all-aluminum frame and skin.	With just routine maintenance, aluminum construction has higher resistance to rust and corrosion and in the long run, they hold their value longer. It's also lighter weight, increasing your payload capacity and making for a smoother tow.
Uni-Body Design	All components of the Featherlite trailer from side posts to roof rails to roof bows to cross members are engineered into a uni-body design.	The uni-body design makes the trailer stronger and more durable for the long haul.
White Lining & Insulation	White lining on walls above rubber & on ceiling standard. Also includes insulation.	White lining creates a brighter interior for horses during loading & travel, keeping them calmer. It also gives the trailer a cleaner, more eye-appealing interior.
2" Thick Walls	2" thick walls are standard.	The 2" wall thickness provides strength and durability for many years of hauling.
Light 'Flo' Drop Down Feed Doors	One Light 'Flo' drop down feed door in front of each horse is standard.	Featherlite's Light 'Flo' drop down feed doors allow up to 90% more airflow and light into the horse area, helping keep horses more calm and relaxed while loading and traveling. With their lowered handle, they are also easier to operate.
3/4" Rubber Floor Mats	3/4" rubber floor mats are standard in the horse area.	The thickness of Featherlite's floor mats give horses the greatest amount of comfort and stability during travel, reducing stress and potential injury to the horse.
